ROBUST. HIGH QUALITY. LONG-LASTING. ULTRA-ROBUST IMPREGNATED PRODUCTS FOR SURFACES WITH HEAVY USE

Decolay Resist extends the product advantages of our classic melamin film with special abrasion resistance. Where surfaces are exposed to high loads and heavy wear – for example in public interiors, in highly frequented locations, as well as in kitchen and work areas – Decolay Resist protects the decor's beauty from wear and tear for a long time. Decolay Resist achieves its significantly increased abrasion resistance and higher resistance to micro-scratches due to additional micro-corundum particles in the upper resin layer.

Are you looking for individual solutions for demanding surfaces?

As the world market leader in the field of impregnation, we see ourselves as a solution provider and are available to you worldwide with our uniform Schattdecor standard and service. It is our aim to develop solutions that make you successful.

Feel free to contact us!
